Congratulations to the Grandview boys' soccer team for their second consecutive Division III state championship! The team defeated Toledo Ottawa Hills 3-0 on Nov. 12 at Lower.com Field in Columbus. A job well done...again!

## President's Letter

Thank you for making our annual dues fundraiser a success. Special thanks to the many LIFE members who continue to send in additional money every year and to our newest LIFE members.

I have now had the honor of serving as president of the GHHSAA for 10 years. Two things that immediately come to mind are how fast time slips by and how lucky I have been to observe what I always knew - how fortunate we all are to have grown up in Grandview. While we lost several friends and classmates, there are have been so many highlights in 2022, including:

- A new middle school was built and a new high school will be opened by the time you read this.
- GHHS continues to excel scholastically and athletically.
- We renewed traditions like Halloween paintings along Grandview Avenue with 50 Art Club students painting 24 store windows for the community to stroll by and enjoy.
- Six classes held reunions during this year's Alumni Weekend.
- Our Alumni Luncheon is bigger and better than ever.
- Our GHHS Boys' Soccer Team won their second consecutive State Championship!

If you move and/or have a new email, please let us know at [GHHSAA@hotmail.com](mailto:GHHSAA@hotmail.com). If you want to get your newsletter early (it can take up to three weeks to receive in the mail), send your email to [GHHSAA@hotmail.com](mailto:GHHSAA@hotmail.com) and let us know if you want only the electronic copy or both email and print versions.

The GHHSAA Board approved "Class Legacy Society" or "Class Decade Legacy Society" categories where a \$10,000 denotation will have a permanent scholarship named for that class. Watch for more details.

Thank you to all alumni for sending stories and updates. Thanks also to our editorial staff of Teri Antolino Williams '74; Molly Hammer Tanner '82 and Ash Reynolds Babbitt '87, for compiling our newsletter; John Gloyd '71 for serving as webmaster; and Jim Anderson '72 for updating our master list.

## So, You Want to be a Fly Boy

Richard Mauger '38

Sitting atop a polo pony in 1941 as a freshman at OSU, while playing on the John Galbreath-sponsored polo club team, the thought of serving his country as a pilot must have been an irresistible feeling to Dick Mauger. Off he went to enlist in the U.S. Army - yes, the Army Air Corps Glider Division.

Dick's war stories were amazing. In one mission behind German lines, his plane was being towed on a wire by a motorized tow plane for over an hour. While Dick was stretching his legs (taking his feet off the glider rudders), the front of his glider (carrying 13 men and a Jeep) was shot off by German antiaircraft. He quickly grabbed the controls and was able to successfully, but roughly, land the plane. A Stars and Stripes reporter on board came around to the front of the glider and began criticizing Dick for such a bumpy landing. When Dick showed him the front of the plane was missing, the reporter changed his tune and was amazed that they did not crash. The plane's crew went off to fight the Germans and Dick was left to return through enemy lines to his rendezvous point for pick up and return to England for another mission. He

completed four such missions, delivering troops and vehicles behind "the lines," and received the Distinguished Flying Cross (among other medals) for his bravery and dedication.

The U.S. Army Air Corps would ultimately include approximately 6,000 glider pilots in WWII. The Corps had one of the highest mortality rates of any military branch. Glider pilots had no motors, no parachutes, and no second chances. Dick got to visit one of the surviving gliders at the Air Force Museum in Dayton, Ohio. A bunch of canvases stretched on a wooden frame, painted green and covered with insignias representing the proud aviators who flew these "flying coffins" and returned to tell their horrendous stories. The documentary *Silent Wings*, narrated by Hal Holbrook, tells this extraordinary story

Before his passing in 2022 at age 101, Dick participated in the Honor Flight Program and a wonderful recognition ceremony at an Indiana Pacers basketball game a few years ago.

Dick enjoyed a successful sales career and had a talent for making friends and telling jokes. He was a great guy who got his start in Grandview.

### Corinne Rex Ross '44

Several months ago, I had the privilege of touring the new high school construction. It was wonderful but my heart will always be remembering Grandview in the 1940s and all my friends. I feel very lucky for that experience. I am living at Brookdale Trillium Crossing and there are at least three Grandview graduates here.

### Wally Cash '46

I'm now ending our fifth year of living in Naples, Fla., and enjoying every minute of it. Grandview and Columbus were great growing up but this warm climate is much better. I spent 42 years in the U.S. Naval Reserve and retired as a Master Chief Petty Officer. I took up the camera and spent time in portraiture and wedding photography. I take my camera with me on all our foreign trips.

### Diana Gonser Arthur '48

I lost my husband, Bill Arthur '46, in May.

**Robert Townsend** (teacher from 1968-1978) I'm still teaching educational research and statistics at Xavier University in Cincinnati. I was sorry to miss the Class of 72 reunion. Old age has its downside.

### Rev. Paul Myers Jr. '46

I'm still working and serving as a Lutheran pastor. It remains my dedication to serve my Lord until I stop breathing and then I'll seriously consider retirement. Presently, I serve as pastor at the Church at Las Palmas, a large retirement community in Palm Coast, Fla. I don't live there. My wife Joannie and I have our own home for the last 20 years in Palm Coast. I cut my

own grass and walk at least a mile every day if possible. The Lord continues to bless our lives with reasonably good health. Consequently, I feel most obligated to serve the God who has given me so much. I know he remains eager to love you too. God bless and keep you all.

### JoAnn Herboltzheimer Stevens '47

I am so proud of our class and the Grandview school system. I'm sending this donation to support scholarships and membership dues.

### Lee Davis Goldenbagen '47

I'm leading a very active and healthy life at Wesley Ridge Retirement Community in Reynoldsburg. I have special memories of Grandview High School and dear friends.

### Marian Andrews Edwards '47

I still have my driver's license however, I am certainly slowing down. Any others left from the Class of 1947?

### Jackie Day Cherry '49

Although I now live in a retirement community in Dublin, I continue to be active and involved. Thanks to our wonderful GHHSAA President Tom Smith, I'm able to attend the monthly alumni luncheons. I'm the historian for First Community Church and continue to write monthly articles in our newsletter. I now have five grandchildren and four great-grandkids split between Phoenix and Columbus. Go Bobcats!

### Patricia Riley Lutz '50

Both of my kids live in this community with me about 30 miles east of Riverside, Calif. They are Ohio State fans and

went back this year for the Michigan game. I am now at the age where the trip is too much for me.

## Helen Welcker Spoon '51

Helen lived a beautiful life, enriching the souls of many with her generous compassion, wisdom, unique gifts, and warm smile. After 88 inspiring years, she beamed her last smile on May 24, 2022, in Maplewood, NJ. She leaves behind many adoring friends, family, and acquaintances whose lives were enhanced by her optimism, courage, and strength. A lifelong learner, her glass was always more than half full. Helen was a graduate of Grandview

High School, Oberlin College and Ball State University. She taught elementary and junior high students and adult literacy. She was an avid reader, a lecturer, and a volunteer for numerous organizations, including the Harriet Beecher Stowe House and the Freedom Center where she was a

docent. Donations in Helen's honor to the Harriet Beecher Stowe house in Cincinnati would be appreciated. <https://stowehousecincy.org/donate.html>

## Dianne Leaman Sonstegard '52

Joanna Knepper always stood out with her bright red hair and big smile. She was an athlete (GAA President), a cheerleader, a great friend, and half of a high school romance (with Paul) that turned into a successful, happy marriage and motherhood. Happy trails, Jo.

## Patsy Bruner Williams '52

passed away April 1, 2022, six years after her husband, Dick, died. She saved her emblems from her cheerleader sweater and wanted them to be returned to her school or the alumni association. She always enjoyed traveling from Oregon to Columbus for her reunions and attended as many as possible. She loved her high school days and shared fond memories with her family. She made life-long friends at Grandview and kept in touch with many, especially at Christmas. - Submitted by her daughter Colby Sheldon.

## Martha Hager Berlin '53

My family are all doing well and we keep in touch daily. It's always a great time when families get together. An old song says "Going to Mississippi In My Mind" – so goes my traveling. However, I enjoy family visits, talking on the phone to friends, walks, TV and reading.

## Mary Morrison Frabott '54

Enjoying lots of wonderful new things in our park. I watched them put up tiki huts,

a miniature golf course and putting green, cornhole, and a fire pit and grills. All is good.

## David Kentner '56

You can add me to your list of GHHS graduates who are attorneys. I am inactive as of now. It would be interesting to know if anyone played in the band longer than me. I was in the band for eight years, beginning in fifth grade.

## Marilyn Jones Burgermeister '55

I always enjoy our class reunions where I make new friends of old classmates. Thanks to Nancy Bachman, we haven't missed having a reunion since 1955. In July, my sister Sal and I met in Fort Myers to visit our brother. My son works in Naples and was staying with him. It was a great visit. Both their lives, and those of so many others, changed because of Hurricane Ian. Our prayers are with them all.

## Marcis Shepard Mock '55

I wonder why when we move more slowly – time just passes more quickly. The only thing I know for certain is to keep smiling and keep moving. I wish everyone a happy, healthy 2023.

Warren Roberts by

**Carolyn Roberts '55:** I am sorry to inform you of Warren Roberts died on April 9, 2022. I want to thank all his classmates who sent sympathy cards and the lovely red rose in a green vase from the Alumni Association. I especially want to thank his best friend, Bob Smith, and wife Joan for their continued support. Warren was very proud to be a GHHS alum and a member of the Brotherhood of Rooks. We were married almost 64 years. Warren enjoyed many alumni

banquets over the last 65 years and visiting with former classmates.

## Carolyn Welch '55

I'm so sorry to hear about the loss of Cathy Peacocke, Ann Smith Trent and John Palumbo. I'm so glad there are still so many of us left in the class of 1955. I moved to a retirement community nearby. Fortunately, I'm in the same neighborhood as my old friends with lots of new friends and someone else to do the cooking and cleaning.

## Rick Yearick '55

I'm still exhibiting my paintings in art galleries in the Sunshine State. I enjoy walking on the beach, and watching pelicans and osprey dive for fish along the gulf.

## Lynne Fulmer Hutchison '56

I'm happily living in Vero Beach, Fla., and treasure my GHHS education!

## James Bobbitt '57

I was blessed to grow up in Grandview in the 50s with so many friends and always safe. We need to pray for our nation and our children and grandchildren in this difficult world they are living in. Blessed is the nation whose God is the Lord – Psalm 33:12.

## Luana Carter Jados '67

Thank you to the Alumni Association for all the hard work.

## Larry Crossley '57

We were sorry there was no 65th reunion for our class and really missed seeing everyone.

## What didn't Dorkas do?

Among the things Joan Stevens Rigal '52 sent in was this clipping from the Nov. 15, 1950, newspaper advertising the Grandview High School fall play "Jimpin' Jupiter," under the direction of Miss Dorcas Truckmiller. Cast members were from the Class of 1952. Send us your memories of this long-tenured teacher.

visited Ohio this summer to be at a memorial gathering for brother John and his son Todd. I still do math via Excel and conducted an online talk for the Philippines. Susan gardens and is an officer in our retirement community.

### Patti Palmer Miller '59

We struggle daily with Bob's dementia and Parkinsons'. It is a dreaded disease.

### Lee and Barbara Lindig Adams '60

We enjoyed the autumn colors here in Columbus prior to spending our winter in The Villages, Fla., where we are living the dream. We stopped in Franklin, Tenn., to visit Lee's sister, Susi Zuber '64, on our way. A thank you to Linda Blazer for bringing the Class of 1960 together to celebrate our 80th birthday. Lee and I enjoy visiting Grandview and pointing out the homes where friends lived. Sometimes we ride our bikes – just like back in the day. We look forward to reading the alumni news.

### Martin Berger '60

I finished my last YSU history class in Dec. 2021, after remaining post-retirement as an adjunct professor.

### Victoria McNabb Wheeler '60

Making 'community' wherever I landed was made easier by having my roots in Grandview. Criss-crossing America, we had 30 years with boxes ready to pack. A wave, a smile, an openness of heart - all learned in Grandview - were common denominators in Alaska to Houston to Rockefeller Plaza. I will forever be thankful to my parents who sacrificed for this privilege.

### Bill Harding '61

Members of the Class of 1961 got together for two days in June for a pandemic-postponed 60th (+1) reunion. Thank you to hostess and reunion wrangler Sharon Clark Wheeler and to Mac Kaiser and Kay Jones Rietz for the program.

### Cathy Penwell '61

My brothers Ivan (Jeff) and Fritz and I are all still here. Ivan and I live in Sonoma and Fritz is in NYC, China and New Mexico. All are well and living and loving life and having fun.

### Josephine Butts Geib '63

After moving to Florida and living in the same house for 37 years, I recently moved to be closer to my son and daughter. My husband Don passed away three years ago, so I'm building a smaller house as a "moving on" project. My kids think it's crazy that my friends and I all stay in contact but then they didn't grow up in Grandview.

### Susan Hutchinson Berkhout '63

After a career as a teacher and counselor, I'm enjoying my retirement and spending time with our five grandkids. My oldest grandson is 14 and stands four inches taller than I am, which is weird. I'm in charge of making whatever birthday cakes they request, which is always fun. Our three youngest grandkids live locally, so we see a lot of them. My husband and I just celebrated our 50th wedding anniversary.

a lot. Our class held mini-reunions when Marilyn Cornell Alcalá, Susan Hutchinson Berkhout '63 and Charlie Handel '63 came to town. We're planning our 60th reunion next year.

**David Williams '64**

I spent the summer exploring Utah, Colorado and New Mexico, including attending the Santa Fe Opera Festival, then traveled to Montana and Glacier National Park. I'm in my fifth year with Promedica Hospice, doing visitations and vigils and am very active in the Episcopal Church. I look forward to our next reunion in 2024.

**Dennis McCloskey '65**

I'm still in South Carolina after my second wife passed in 2020. I am a part-time courier for a local hospital and volunteer as a bio-medical transportation specialist for the American Red Cross.

**Susan Leibensperger Wylie '65**

I am so fortunate to grow up in Grandview and then returned for 13 years which allowed both sons to graduate from GHHS (Caleb '97 and Abe '98). Most of the rest of my life has been here in Juneau, Alaska, a place I love with all my heart. I arrived

here 50 years ago and returned in 2005. Both of my sons are back too and love having them around with their families. I am still practicing part-time as a psychotherapist. I love my work too much to stop and it still leaves me with plenty of time for the outdoors and gardening.

**Robert VanSickle '67**

My brother, Larry Van Sickle '60, passed away in February 2021. He was a member of Grandview's first wrestling team.

**David Tyndall '73** My wife Corina and I live in Palm Harbor, Fla., and enjoy traveling, golf, fishing and working on art skills – painting. I have several businesses here and enjoy managing them. We have 12 grandchildren and lost grandchild Cassidy to tragic surgery. I look forward to slowing down and having more family time.

**Brad Williams '73**

I came to Grandview from Nebraska in 1968. We ventured back to visit former classmates last summer, stopping at the Geographic Center of the Contiguous United States, which is located about two miles northwest of Lebanon, Kan., along the way. Everyone should be so lucky to visit there but grow up in Grandview!

## Recycling from the Memory Bank

By Fred Towns '59

In 1959, there was a recycler around Grandview who was sometimes known as "Junk man." He had a large horse-drawn wagon and could be seen on streets around Grandview and you could hear him as the horse's iron shoes made their way around.

In November 1958, statewide elections were held for local issues and state offices. The father of a Class of 1959 classmate, who shall remain unnamed (but his father was Roger Tracy) was up for reelection as state treasurer. He'd held the position for years but, this time he lost!

*Now, to tie these two facts together:*

The third period on the day after election day we were studying [of course] in the large study hall across the front of the second floor of the high school. Large windows allowed a view of the athletic field across Third Avenue. All was quiet until the clatter of horse hooves on Third Avenue arose. As the noise grew, Chuck jumped from his seat, looked out the window and yelled "DAD!" Everyone including the monitor had a good laugh. Thanks, Chuck! I can still see your face like it was this morning.

## And the Emmy Goes to...Peter Sichko '05

Peter Sichko '05 is a video and audio engineer. Make that an Emmy-award winning video and audio engineer. Pete received two Sports Emmy awards in May 2022 for his work providing technical support for live sports broadcasts. His work was honored with an Outstanding Technical Team Event Emmy for College Football and an Outstanding TEchnical Team Studio Emmy for the Super Bowl.

I have been with Broadcast

Sports International since 2016 and am an RF EIC (Engineer In Charge), TV terminology for crew chief. We provide wireless video transmitters, high-power wireless microphones, and high-power wireless communications, primarily for sporting events. Everything from the camera following the Master's Golf Tournament Champion off the green, to in-car driver images on NASCAR, to the microphone used to interview the Super

Bowl winning quarterback. Our video transmitters and wireless microphones are proprietary and built by BSI. We are hired by whichever network or streaming platform is producing the broadcast; be it ESPN, NBC, Amazon, Fox, CBS, etc.

The first Emmy is for this past January's College Football National Championship game (Alabama Crimson Tide vs. Georgia Bulldogs) in Indianapolis. I was responsible for the pre-planning and on-site execution of our wireless gear, and ensuring it worked in the areas of the stadium required by production; from outside bus arrivals, to locker rooms, stadium concourses, and most importantly the field itself.

I led a crew of five to support the main ESPN telecast, ESPN College GameDay, and ESPN Deportes. It was challenging with the compound being outside exposed to mother nature and everything else

happening inside the stadium.

The second Emmy is for February's Super Bowl Pregame Show on NBC and I had the same responsibilities as the College Football Championship. With SoFi being a new stadium, NBC wanted to show it off.

We covered numerous zones outside, in the hallways and tunnels, and on the field.

We were on-site for 17 days but with the enormous size of both the production and the stadium, it was needed. The walk from our truck outside to the inside compound was around 15 minutes.

## Bobcat Artists

Bill Fauth '67 has a great eye - and a good drone - for photography.

## Early Art

Jeff Ortman '85 and his brother-in-law Eric Guzik '84 still have and use the plates they painted in elementary school.

Erik attended Edison and painted his while in Mrs. Harris's class. Jeff made his at Stevenson. Do you still have yours? Send a picture of it to us along with your membership dues! Mail them to GHHSAA PO Box 12116 Columbus, Ohio 43212 or attach it to an email and send it to [ghhsaa@hotmail.com](mailto:ghhsaa@hotmail.com) Use the QR Code to pay your dues or make a donation.

Ron Tyne '67 did this loose and fanciful sketch of a green frog's plunge into water, done from a photograph of an actual plunge. His medium for this is Fabrer-Castell color pencils.

Jim McKeever '72 likes the colors the early morning provides and how the foreground trees form a natural frame around this gazebo, found near a walking path along the Walhonding River. This scene is in the Coshocton Lake Park, near Roscoe Village in Coshocton, Ohio.

## Luthier Extraordinaire

**Christopher J. Herbert '74**

By Mark Herbert '71

In July 1959, Bill and Ursula Herbert and their four children, Mark '70, Jan '72, Chris and Bill '76 moved to Grandview. Youngest sister Angie '78 was born in 1960. Middle sibling Chris exhibited many talents growing up, including baseball and basketball. It was his sixth-grade teacher, Mrs. Measle, who rated Chris's ability in music and

art as 'above average.' So, the makings of a luthier began at an early age.

A luthier is an artist/woodworker who specializes in building and repairing stringed instruments, primarily guitars, banjos and violins. In high school, Chris loved and excelled in wood shop, including four years under the direction of Jack Ladyga, GHHS teacher in the 60's and 70's.

After working at odd jobs after graduation, Chris moved to Denver in 1980. He met Scott Stiefel, guitar repairman at Feretta Music, who took him on as an apprentice. Within a year, Scott turned the business over to Chris, stating Chris's talents exceeded his own.

Chris quickly established himself in the local guitar community, and became one of the 'go-to' luthiers in the Denver area. In the mid 1990's, Chris was rated Denver's Best Luthier

in a Chamber of Commerce publication. Local and nationally recognized musicians sought out Chris for his excellent workmanship and attention to detail. These musicians included folk musician Michael Murphy, and Tommy Malone of the Subdudes. One year, Mason Williams, the creator of the 1968 guitar musical hit, Classical Gas, was doing a concert in Denver and sought out Chris for a guitar repair prior to the show. When Mason asked Chris how much he owed, Chris replied 'you don't owe me anything, but please play Classical Gas for me before you leave.' Mason happily obliged and it was one of the highlights of Chris's 36-year career.

At heart, Chris was a humanist and felt a strong sense of compassion for displaced and oppressed people. He cherished his abundant friendships with musicians, guitar buddies,

neighbors and close ties to his siblings. Chris passed after a brief bout with cancer in May 2022. His family held a celebration of life honoring Chris in July. It was well attended and included a lively jam session featuring several guitarists. We know that Chris's spirit is still with us.

## A Look Back at Future Grandview Singers?

Between band, choir and the Grandview Singers - weren't we lucky to grow up in such a musical community? Here are a few Grandview students performing at a choir concert. Do you recognize this photo? Were you a member of the choir? Tell us if you recognize yourself or any classmates in this picture. Send your recollections of this photo, or other choir or band stories, to GHHSAA, PO Box 12116, Columbus, OH 43212 or email [GHHSAA@hotmail.com](mailto:GHHSAA@hotmail.com).

Joan Stevens Rigal '52 writes that she was busy cleaning out the attic after 57 years and found some fun pictures. Maybe they'll bring back some good memories!

These beauties were at a singing performance. Joan is on the left. She thinks the far right may be Ann Turley and next to Ann could be Sylvia Edmondson. Do you know who the others are?

Joan recalls a lot of fun could be had for \$2.25.

*Grandview Heights Marble Cliff Historical Society says this was likely a professional photo that the book retailer used to promote their Magic Carpet textbook. Mike Reeves '64 is pictured in the front row of this photo. We asked him to share any memories of those children who seem to be studying their new text book intently.*

Mike recalls this photo was taken at Edison Elementary and commented:

I am the kid in the center with dark hair and turned up blue jeans. Behind me is Bob Powers and Jim Craighead is way in the back. I am also pretty sure the blond kid to my left and rear is Charlie Handle. We were in Scouts together and were good friends in those elementary school days. Charlie lived across from the Our Lady of Victory

Catholic Church on Cardigan. I would pedal my bike all the way from Grandview Avenue to his house. Mike Patton and Gary Myers were also close friends of ours in those elementary school years. We did lots of "cool" adventurous kinds of things together. Those elementary school years gave me some of my best memories.

Upon graduation in 1964, most of my friends pursued their dreams of college. I was not interested in continuing with school. The war in Vietnam was ramping up and I enlisted in the Army.

I visited a local military recruitment office, and was given the Armed Services Vocational Aptitude Battery (ASVAB) test. The ASVAB evaluates what you know now

but also your propensity to learn different subject areas. It measures your aptitude in four domains: verbal, math, science and technical, and spatial.

When summoned back to learn where I qualified, he pushed the book listing all of the military schools over to me and said "You can pretty much choose the job you want. You had a very high score on the battery of tests." Boy, was I surprised.

I was sent to Baltimore to be trained as an Intelligence Analyst. I never made it to Vietnam. Instead, I was sent to Italy, where I met my wife Gigliola. We're still together after 54 years.

I became a broadcast news journalist with Armed Forces Radio Europe. After the military,

I continued broadcasting, including jobs in Marion, Ohio, and at WNCI in Columbus.

One day, while shopping at Westland Mall, I ran into Sergeant Willard Bandy who lived in Grandview. Everyone knew Sgt. Bandy. He mentioned the Grandview Police Department was hiring an additional officer and giving a civil service test. I thought about taking the test and applying. After discussing things with my wife, I took the test, came out on top and was offered the position. I completed my training at the Franklin County Police Academy.

After graduation, Grandview Police Chief David L. Miller would traditionally spend a great deal of time teaching new recruits about Grandview and Marble Cliff.

Having grown up in Grandview, I was able to teach Chief Miller a few things as well. I knew my way around town, including the alleys, stores, schools, events, parks and so many people. I began working with Willard Bandy, John Roberts, Gary Stephenson, Malcom Ballmer, Bill Miller and Charles Morgan. They were the officers I remembered most while attending Grandview schools.

In a way, I was now 'back home' serving the 'Friendly Little City' that years earlier had served me. I retired from GHPD in 1995. I no longer live in Grandview Heights but live nearby and like to drop in. Grandview gave me the best opportunity in education, but more importantly, a sense of community that may easily be taken for granted by some. It shouldn't be.

## Raise a Stein to the Class of 1966

A small group from the Class of '66 is planning a reunion/birthday party for Wednesday, June 7, 2023, 6 to 9 p.m. at Hofbrauhaus Columbus Brewery & Restaurant at Grandview Yard. We're also hoping to arrange a tour of the renovated high school on Thursday, June 8. For more information, contact Don Blazer at 614-371-1310 or [dfblazer9@gmail.com](mailto:dfblazer9@gmail.com) or Dallas Smith at 614-309-2460 or [jds04447@gmail.com](mailto:jds04447@gmail.com).

## Class of 1960

Class of 1960 gathered on Oct. 8 at Bravos to celebrate their 80th birthday. Attendees had a great time and wished that more alums could attend. Here's what they look like now! The class sends big thanks to Joe Melley and John Cornell for their support and feedback in planning the party and to GHHSAA president Tom Smith for his help in making these events possible.

## Class of 1982

A special weekend brought back good memories of great friends! The group sent good thoughts to those who couldn't attend but, after reuniting, they agreed they should do it more often. Hopefully more people can attend the next reunion.

Special thanks to Dina Stevens Buck for hosting our event; Lui Damiani and Phyllis Kirschner Teeter for pulling the reunion together and to everyone who assisted in any way. The class is grateful for the lifelong enduring friendships and great memories they have.

## Reunion Tales from the Class of 1972

Fifty years ago, at our graduation, it is unlikely that many gave thought to how the GHHS Class of 1972's 50th reunion would be celebrated. Ten of the 1972 graduates spent 18 months planning the activities that dovetailed with the all-class reunion on Ox-Roast weekend. Some from other classes contributed and the result was a fine weekend Sept. 9-11, 2022. It was a joy to see all of our classmates who participated!

Ahead of Friday's football game, a tour of the new high school was led by the new principal Sam Belk. The weather cooperated for the game and alumni band members and majorettes joined the band to start of the game. At halftime, the reunion classes were announced and walked along the track. Afterwards, a crowd collected at the Knotty Pine to catch up and renew relationships.

Saturday's festivities included a golf outing and pickleball games. Afternoon free time saw some attend the OSU football game, the Ox Roast or smaller meet-ups. The dinner event held at the Guild Athletic Club in Grandview featured vintage music as the Ciardelli family hosted a delicious Italian dinner and classmates mingled. Teachers Ed Bozeman, MaryJo Gaskalla, and Rich Siles joined us. Mr. Bozeman was honored as we were his first class as freshmen.

Awards were given in fun categories such as who was married the longest and shortest or who traveled the furthest to attend. Senior pictures and copies of the Bobcat and the Highlander were shared. A memorial table with candles and photos honored classmates who have passed. Others who could not or did not attend were missed and

remembered in conversations. A surprise video of Charles Struck featured his greetings from afar using the Australian accent acquired since moving there after graduation.

Sunday morning wrapped the weekend with a breakfast gathering at Paul's Fifth Avenue with good food, memories and conversations.

The reunion was a joyous highlight of 2022. The consensus is to gather again in five years and we hope everyone can make plans to join in 2027! To view or contribute more memories of the reunion, visit <https://tinyurl.com/ghhs72>.

## Class of 1992

The Class of 92 gathered on Oct. 8 at Cap City Diner, as Wendy Kessler is a manager who oversees grand openings of new Cameron Mitchell restaurants. They had a great time mingling and enjoying appetizers. The group popped over into Johnny's and finished the night at Woodland's! A handful of class members gathered the month before for the Grandview Ox Roast and enjoyed an evening of music and catching up with classmates from other years.

# Contributing to the GHHSAA

You are the GHHSAA. Without membership support, the GHHSAA would not and could not exist. We graciously thank you for your continued generosity. Here is a breakdown of GHHSAA funding categories. All Friends of the GHHSAA are mentioned in the newsletter published nearest the time after their contribution is received. Support the GHHSAA today! Thank you!

**ANNUAL DUES:** Every fall, we mail an Annual Membership Request of \$30. This goes to all alumni and it is our hope that each alum contributes this amount each year. This funding is the "bread and butter" of our budget and is extremely important. Please watch for your envelope this fall.

**LIFE MEMBERSHIP:** A Lifetime membership is \$300. Lifetime members still receive the annual dues request in case they want to donate additional funds. We publish the names of all LIFE Members once every 24 months. A list of LIFE Members is available online at [www.grandviewheightsalumni.com](http://www.grandviewheightsalumni.com).

**PAWS CLUB:** Contribution of \$50 - \$99

**BIG CATS CLUB:** Contribution of \$100 - \$499

**TOP CATS CLUB:** Contribution of \$500 - \$999

**SPECIAL RECOGNITION:** Contribution of \$1,000+

**IN HONOR OF:** Contribution of any amount in honor of a classmate, teacher, friend. Both the donor and the honoree are mentioned in the newsletter.

**IN MEMORY OF:** Contribution of any amount in memory of deceased classmate, teacher, friend. Both the donor and the deceased are mentioned in the newsletter.

**LEGACY SOCIETY:** Membership in the GHHS Legacy Society requires a base contribution of \$20,000 or more. The funding establishes an annual scholarship, of at least 5% of the deposited amount, in the contributor's name or in honor of someone of their choosing. All Legacy Society contributors will be listed in every newsletter issue and are listed on the web site.

We take our fiduciary responsibility seriously. You can see the good work your funding accomplishes including this newsletter, alumni events, the website, support of current student activities, improvements and supplies not available in the

regular budget (Robotics, Art, Band, special requests, etc.), and scholarships, scholarships and more scholarships. Your support ensures we stay connected, and together we help continue the legacy that makes us all proud to be a Bobcat.

Make all checks payable to GHHSAA and mail to PO Box 12116 Columbus, OH 43212. Funds are managed by The Columbus Foundation.

*Editor's note: We send dues request letters to all alumni, just as we also send the newsletter. We hope you'll give when you can. Donations and annual dues newsletter subscriptions are much appreciated. We couldn't do all we do without you. Thank you for your continued and generous support.*
